Verifavia's IHM USPs

1. Verifavia has a hazmat team of **25 hazmat experts**, including 12 in-house hazmat experts, who are conducting on-board surveys every day in various parts of Europe, India, Singapore and China. With the well-established network and large hazmat team, Verifavia can easily schedule an on-board survey and dispatch the hazmat experts to any part of the globe even at the nick of time.
2. In order to streamline the process and provide its clients with a top quality IHM report, Verifavia uses two applications- **Nautilus Log** and **Hazinvent** for the preparation of VSCPs, which guide the conduct of on-board surveys and preparation of IHM report. Kindly note that the cost of the app is included in the quotation provided to our clients.
3. Verifavia makes use of various **independent accredited laboratories** to test the collected samples - including labs in India, Singapore, Malaysia and China.
4. Verifavia's quality system is structured to comply with the requirements of **ISO 17020** and **ISO 9001** standards, as well as the **EMSA** and **IMO MEPC** guidelines. Strict implementation of quality control procedure is executed at all stages of the process to ensure utmost quality in our output.
5. Verifavia is an **approved IHM Service Provider** by 6 major IACS members including DNV GL, KR, LR, RINA, IRS and ABS, and are in the process of being approved by BV as well as a leading flag state, LISCR. We can also work on ClassNK ships.
6. We currently have **520+** ships under IHM contract from 26 worldwide shipping companies, including OSM, Grindrod, Tamar Ship management, Zeaborn, Vinnen, BF Management, Epic Gaz, Fairmont, Fareast, Northstar, Wallem, Auerbach, Attica Group etc...
7. For easier budgeting and complete peace of mind, our **quotation includes travel and accommodation** expenses in all main ports of China, India, Malaysia, Singapore, UAE, Sri Lanka, and EU.
